

REPORT OF INTERNSHIP TALK 5.0 DAY 2

Name of the Event: Internship Talk 4.0

Mode: Online

Venue: Google Meet (<https://meet.google.com/nkf-jwqw-nhm>)

Date: 10th September 2023 (Day 2)

Time: 5 P.M. to 6 P.M.

Type of audience: SY,TY (Mechanical)

ASME Cummins Student Section arranged an Internship Talk for SY,TY students of Mechanical , Entc and Instrumentation . The event was scheduled for 2 days i.e on 18th and 19th April 2025 . On day 2 , four alumni of Cummins College shared their experience about their internships and their current company experience . They guided the students on how one should apply for an internship and placements , what preparation is required for the interview and also how one can apply to universities for higher education . The anchor of the event was Ananya Bhusare

The speakers were as follows :

Miss Chaitrali Kulkarni (Interned at Garret Motions)

Miss Surabhi Sangale (talk on GATE)

Miss Aditi Sant (talk on GRE)

Miss Maithilee Deshpande (Purdue University)

Chaitrali Kulkarni talked about her internship experience at Garret Motions. She talked about essential ethics needed in a professional workspace. She explained the importance of confidentiality and how we can present work keeping that in mind. She even gave advice on what things the audience do once they start their

internship, like keeping a daily journal and noting down the things that they have learned for the day.

In addition to their internship journeys, both Aditi Sant and Surabhi Sangale briefly touched upon their preparations for GRE and GATE exams. They shared useful tips

on managing academics alongside exam prep, choosing the right path based on career goals, and staying consistent with study plans.

Maithilee Deshpande shared about her experience in Purdue University. She also shared how one can apply for higher studies in universities and about the scholarship process that Cummins provides if someone wishes to pursue Masters. She talked about the necessary scores in GRE ,TOEFL and CGPA to get selected for the scholarship and Purdue University. She shared her wonderful journey from Cummins to Purdue University.

A short Q & A was also conducted where the doubts of the students were cleared. The session was very good and students got insights on how exactly they should be working towards their goals. They also got an overview of the interview and placement process.

The session would surely be helpful for their future.
